MAGNUS ALUMINUM WINDOWS & DOORS

MODERN SOLUTIONS
THAT ENHANCE THE
QUALITY &
COMFORT LEVEL

Series 155 Lift-Slide Doors

A smooth operating lift-slide door system that is highly windproof, waterproof, and securely anchored in the closed position.

Series 77 Swing Doors

A high insulation swing door system that meets elevated requirements regarding thermal insulation, stability and security.

The integrated innovative technologies guarantee ultimate performances with regard to wind and water tightness and thermal insulation, meeting with the highest standards.

Series 68
Sliding Windows & Doors

A well insulated sliding window and door system that combines elegance and comfort with performance and security.

Series 68
Turn Windows

A thermally improved, inward and outward opening window system with high insulation levels and optimal safety.
