

## **Crystal Pacific Windows Names New President of Operations**

*Fenestration Manufacturer's General Manager Promoted to Lead Company*

**RIVERSIDE, CA, July 10, 2017** – National fenestration manufacturer Crystal Window & Door Systems, based in New York, is pleased to announce that Robert Rodriguez has been named President of Operations for Crystal Pacific Window & Door Systems. Crystal Pacific is the West Coast arm of Crystal Windows. Rodriguez has nearly 30 years of experience in the fenestration manufacturing industry and has been with Crystal Pacific for the past three years. Rodriguez previously held the title of General Manager at Crystal Pacific. Located in Riverside, CA, Crystal Pacific manufactures residential and commercial vinyl and aluminum windows and doors for the West Coast market.

*Robert Rodriguez, President of Operations  
for Crystal Pacific Window & Door  
Systems located in Riverside, CA.*

"I am proud to be part of Crystal Pacific and to direct its substantial growth and expansion," said Rodriguez. "Hard work and perseverance have been the driving force behind the operation's success since its start up, and much more is coming."

Under Rodriguez's leadership, Crystal Pacific has introduced several new products, including a new commercial vinyl window and door line. He has added experienced managers and employees, and acquired new in-house vinyl window paint finishing equipment to provide premium and custom color options. Rodriguez has also expanded Crystal Pacific's initial sales territory from Southern California to the entire state and to Nevada and Arizona.

Prior to joining Crystal Pacific, Mr. Rodriguez was General Manager for Precision Screen and Security Products in Redlands, CA, leading production, distribution, sales and service. Before that, he held a number of executive level positions in operations and sales with

Superior Windows & Doors and Atrium Windows & Doors in the Southern California market. Mr. Rodriguez has significant experience in corporate management, P&L, pricing, materials sourcing and purchasing.

Launched in May 2012, Crystal Pacific Window & Door Systems is part of the family of companies owned by national manufacturer Crystal Window & Door Systems, headquartered in New York. The operation serves California and the West Coast construction and property management industries and has supplied many notable projects including Riverside Hyatt Place, St. Bernardine Medical Center and the new luxury mixed-use complex Monticello Village in Santa Clara.

"The opportunities for Crystal Pacific continue to be enormous," said Rodriguez. "We have made quite a debut here in Southern California and beyond by putting the customer first, providing short lead times, and offering product features homeowners want, as well as great quality and service. Look for more exciting new products and services coming in the near future."

###
