

Vinyl Greenhouse Windows

"KI" Series by Tru-Frame® | Fully Assembled

NAIL-ON FRAME

The Clear Choice Is Crystal

MODERN STYLE

All rounded corners and frame.

WELDED VINYL FRAME

Fully welded vinyl sash and frame with extruded aluminum interior supports, top and bottom.

NAIL-ON FIN

Extruded aluminum nailing fin integrated into the frame of the window.

3/4" INSULATED GLASS UNITS

Includes LowE2 performance glass on top and annealed clear glass in front and sides.

EASY-TO-USE SIDE VENTS

Single hung vents with self-locking latch and sash balances for fingertip control.

ADJUSTABLE SHELF

Fully adjustable tempered glass shelf or aluminum Amplimesh shelf. Additional shelves available.

BOTTOM PAN

3/4" solid PVC bottom pan cut to size and ready to install.

KITS INCLUDE THE FOLLOWING

- Prewelded ends, sash and balances in place, shelf brackets attached, etc.
- Frame components are to size and prenotched where necessary.
- Extruded aluminum nail fin, around entire window, is attached.
- Trim and finish pieces already cut and mitered (snap/fasten in place).
- All stainless steel fasteners and top-quality hardware needed are included.
